- Branding

# CAMERON MASON

## ILLUSTRATOR

### ABOUT ME

I am a passionate illustrator specializing in dynamic, detailed artwork that brings fantastical stories to life. My work blends semi-realistic character design with immersive storytelling, inspired by my love for video games, fiction, and the vibrant worlds that shaped my creativity. I strive to create inclusive, powerful visuals that spark conversation, foster connection, and leave a lasting impact. With a strong foundation in digital illustration and a keen interest in collectible figure design, I aim to craft experiences that resonate—whether through video game art, cover illustrations, or unique merchandising projects.

### WORK EXPERIENCE

#### SCADPro x RedKulture

AUGUST 2023 - JANUARY 2024

Project Manager

- Managed and co-directed video game production in UEFN (Unreal Engine for Fortnite).
- Created 2D assets for an idol character, game development, and process book.
- Designed CD covers and sleeves for product development.
- Co-led a mock convention to showcase team projects and client presentations.
- Served as team presenter and client liaison throughout production.
- Directed the creation of an art process book documenting the project.

#### Nelson County Board of Education

July 2020 - May 2021

Creative Media Intern

- Designed logos, character personas, and web assets for school district branding.
- Edited and enhanced school photos using Adobe Photoshop.
- Updated and refined logos in Adobe Illustrator to match new branding.
- Managed records for the Imagination Library grant.
- Provided administrative support, including reception and call management.
- Assisted in early childhood education at Nelson County Preschool ELC.
